Don Diablo

Don Diablo has taken the art world by storm. Through his vision on NFTs (Non Fungible Tokens), he combines the digital and physical worlds in a unique way. Record sales at the renowned digital art gallery SuperRare and successful auctions at Sotheby's led to his work being sold and exhibited at the Venice Biennale, Art Dubai, and Art Basel in Miami. His latest work 'H#XAVERS# by Don Diablo' is currently on display in downtown Hong Kong and Shanghai in collaboration with K11.

"I am here to create, innovate, and keep pushing forward into the future," says Don Diablo, who was born as Don Pepijn Schipper in Coevorden. After directing several music videos at the age of 12, Don Diablo decided to start making his own music. He released his first track when he was only 13 years old. In the years that followed, he climbed his way to the top of the international music industry and branched out into art, fashion, and philanthropy. In doing so, he also partnered with leading brands and organizations such as Star Wars, the United Nations, and DC Comics.
